EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

The paragraph amended by applicants on November 10, 2004 at page 1 of the specification under the heading of "Related Applications" is amended as follows:

In first line of paragraph after "8/4/97," enter --- now abandoned ---.

In second line of paragraph after "6/7/95, enter --- now abandoned ---.

In third line of paragraph after "6/25/93", enter ---, now abandoned ---.

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on November 10, 2004 has been entered.

2. The following is an examiner's statement of reasons for allowance:

The corrected status of all applications on page one of this application along with the request for a corrected filing receipt has resulted in a corrected status of this application's continuity status. Thus, Fan is no longer prior art because instant claims 15, 17-20, 22, 26-27, 46-49 and 52 now have an effective filing date of June 25, 1993. Scott Paper is overcome by

amendment and the Declaration of Rustom Kanga submitted also on November 10, 2004. The examiner notes that the addition of developing the printing element in view of the specification noting that Scott Paper removes the masking layer in a separate step from development of the photocurable layer while applicants develop with the layer as part of the printing element makes clear that the method claimed is not made obvious by the prior art as well as arguments set forth about the nature of Law et al.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
